Customer Reviews

This book was recommended by my son's percussion instructor and I couldn't be happier. It's easy for him to use to practice at home and a great tool to use with his teacher to give him exercises and gauge progress.

A reference recommended by my eleven year-old's percussion teacher

I'd recommend Stick Control .

I was introduced to the Podemski Method by my first drum teacher. He used it to teach rhythm reading, sticking, dynamics, and technique. I was not particularly interested in orchestral drumming, but the discipline required to do this work proved key to everything I have done in drumming since. When I started taking students, this book, along with Stick Control: For the Snare

DrummerÂ by George L. Stone,Â Funky Primer for the Rock DrummerÂ by Charles Dowd, andÂ Advanced Techniques For The Modern Drummer: Coordinating Independence As Applied To Jazz And Be-bop With Cd (audio) (Vol. 1)Â by Jim Chapin became my basic curriculum. They have never let me down!

Just as expected. Great for beginners.

Awesome boob

As old as these books can be... I was surprised at how good the condition was.Thanks!
