Babies everywhere will love the multisensory board books." – Parents Magazine "A well-planned, well-crafted option for the littlest book lovers." – Kirkus Reviews

Sophie the Giraffe is a favorite around here! My daughter always wants to read these books over and over. All of our Sophie books are worn out!

I used to work as a nanny, and these Sophie books are some of my favorites for the under-one crowd. Many baby board books are geared toward the people who buy them rather than the babies' themselves (think: classic novels for babies), but this series is colorful, visually simple, and has stories. I like that Sophie goes places and does things, rather than just identifying numbers and colors. Babies love the Sophie books.

One more Sophie la Girafe to enjoy! Just imagine: a French giraffe that speaks and acts in English!

My baby's favorite toy is Sophie the Giraffe so she loves this book too. It's an easy read and small enough for the diaper bag.

Great book! We love anything Sophie so it was a perfect addition to our collection. Very sturdy board book with easy pictures to look at.

Cute, lots of things for toddlers to touch.

We love Sophie!

My 9 month old daughter loves it.
