Average Customer Review: 3.0 out of 5 stars 8 customer reviews

Best Sellers Rank: #1,254,799 in Books (See Top 100 in Books) #33 in [Books > Science & Math > Experiments, Instruments & Measurement > Electron Microscopes & Microscopy](#) #14581 in [Books > Science & Math > Physics](#)

Customer Reviews

Love, romance, misunderstanding, attitude, judgment, enlightenment, drama, intrigue, integrity, loyalty, and good writing are the hallmarks of this book. How can you not side with both Olivia and Gabriel? And yet, if you could only tell Olivia what you, as the reader, knows. Espionage keeps this novel fast-paced with a heart-pounding reality of the uncertainty of outcome and resolution. A must read! I couldn't put it down! Bravo to Benson! I cannot wait for the third book.

great

Nice way to find out more. Gut basics.

You've got to be kidding me. I spent my hard-earned money for several Dots, then found out there's

no owner's manual, then you want me to buy a manual?!

BUYER BEWARE So sad .. Usually a manual comes with the product and there was no way that we could have known that you would have to sign up for Pandora or I Heart Radio to listen to music off the web... Funny Alexa could play anything off the web we wanted until the day before Christmas. I am so disappointed in for the first time I will be letting everyone else know this.. Those manuals should be sent out to everyone that bought one.. Thats the only way to redeem yourselvesx

The manual is supposed to come with the product

Yes I'd like to also know why a user manual doesn't come with the product & why on earth you'd have to purchase it separately? What's that about! Not right at all!

Great
