Integrated Korean Workbook: Intermediate 1 (Klear Textbooks In Korean Language)

Synopsis

This workbook accompanies the thoroughly revised edition of Integrated Korean: Intermediate 1, the third volume of the best-selling series developed collaboratively by leading classroom teachers and linguists of Korean. All series volumes have been developed in accordance with performance-based principles and methodology contextualization, learner-centeredness, use of authentic materials, usage-orientedness, balance between skill getting and skill using, and integration of speaking, listening, reading, writing, and culture. Grammar points are systematically introduced in simple but adequate explanations and abundant examples and exercises. Each situation/topic-based lesson of the main texts consists of model dialogues, narration, new words and expressions, vocabulary notes, culture, grammar, usage, and English translation of dialogues. In response to comments from hundreds of students and instructors of the first edition, this new edition features a more attractive two-color design with all new photos and drawings and an additional lesson and vocabulary exercises. Lessons are now organized into two main sections, each containing a conversational text (with its own vocabulary list) and a reading passage. This workbook, newly written, provides students with extensive skill-using activities based on the skills learned in the main text."

Book Information

Series: Klear Textbooks in Korean Language

Paperback: 210 pages

Publisher: Univ of Hawaii Pr; 2 Csm Blg edition (January 31, 2012)

Mee-Jeong Park (Author) Mee-Jeong Park is associate professor of Korean language and linguistics in the Department of East Asian Languages and Literatures at the University of Hawaii at Manoa, with a PhD from University of California Los Angeles in Applied Linguistics. Sang-Suk Oh

(Author) Sang-suk Oh is professor in Korean at Harvard University. Joowon Suh (Author) Joowon Suh is Director of the Korean Language Program in the Department of East Asian Studies at Princeton University. Mary Shin Kim (Author) Mary Shin Kim is associate professor in Korean in the Department of East Asian Languages and Literatures at the University of Hawai i at Manoa.

I bought this for my class in addition to the Integrated Korean: Intermediate 1, 2nd Edition textbook because it was a requirement. Some of the workbook problems can be difficult and the answer key is very difficult to obtain for self study. (I heard you can email them if you self study for an answer key). I was fortunate to have my professor grade and correct my assignments, but sometimes her handwriting was difficult to read and an answer key would have been more helpful. Also, sometimes the textbook doesn't help you do certain problems in the workbook either. I wouldn't recommend purchasing this if you are self studying.

This is a great workbook. I need to buy the textbook and/ or the beginning books. I have learned Korean from so many sources that I feel like more than a beginner, but really I'm not. This is my first textbook/ workbook, I've been mostly doing computer-based programs. getting the CD would be helpful. It is online, but it's hard to scroll back or repeat a track online.

Purchased for class, found these workbooks to be super helpful since my professor graded and corrected them as homework assignments. I would have given 5 stars if not for the fact that, as others have noted, there should be an answer key available. Without being able to check your answers or having a professor who can do so for you, these workbooks serve absolutely no purpose.

Great book for learning Korean. The accompanying website is a little lacking (needs to be updated), but overall a great buy. I do have a teacher that goes thru the book and workbook with me, but I think it would work perfectly for self-learners as well.

This is a balanced text with a logical structure and a great pace. For someone like me, who's trying to continue learning Korean without the structured support of a college department or a tutor, this book has been a godsend. Each lesson builds on what has been taught before, and the organization of each chapter by Conversations and Narratives is extremely helpful. If you're interested in learning Korean, Klear is a great choice!

I decided to improve my Korean in a language class and ordered this workbook and the accompanying textbook. It's helpful along with a class setting but I wouldn't recommend getting this if you are not in a class or some way to have the items and be able to check your answers to.

This is a great book to practice with. The textbook is also spectacular and it comes with several resources, such as audio files to complete a number of the workbook activities and also to listen to the conversations in the textbook.

I wish there would be answer pages in the back of the workbook. It would help better learning.
