Cape High Villainy: A Side Story (Cape High Series)

Synopsis

"I like the deadly part, but 'darlin's' is NOT powerful!" I declare. "I'm powerful! I'm the most powerful super villain in the WORLD!" "Of course you are," Rochester says. "She is?" Sam asks with a look of disbelief. "I am!" I say, giving him a dark look. "She is," Doris agrees in a dry tone. "She's not the most evil, or bloodthirsty, or violent, or even ... well, villainous, but she's probably the most powerful." Cape High Villainy: A Side Story includes short stories about Panther, Skye and her Deadly Darlin's, Phoebe Woods, Shadowman, Cubby, and various other side character villains from the Cape High Universe.

This book is a bit of a mixed bag, a bit like the villains who received page time. The title notes it is "a side story" its actually several side stories each one starring a different villain from the Cape High world. This includes lovable favorites like Skyestep and new ones like Reaper. Sadly, while several of the stories are extremely fun and interesting, there were also a few that I just couldn't get into for various reasons. Some were due to the character being focused on. A couple felt like R.J. fell in love with an idea and wrote out a tale without putting a full level of thought into it. But overall this was

a fun if quick read. It's better than some of the other books in the series, even if its not near one of the best. I'm willing to give it 4 stars

Ok so I have read the whole book now, but when I got it the first story I read was Cubby's and it was worth it so much. I keep hoping that we will get a full book just on him and his perspective. Each of the stories is awesome and adorable in their own special way. I finally figured out why I like this series. It reminds me of two other writers one TV type and one book in Aaron Sorkin and J.D. Robb a.k.a. Nora Roberts for how they can build a story more about the characters lives and that is what drives the stories by all three of these writers.

I love this book! I have bought every book in the series and Skye is hands down one of the most entertaining characters, so having a bunch of mini stories about her escapades was a blast to read along with the rest of the villains. I would highly recommend this book to anyone who wants to more immersed in the universe as you get some more backstories and information about the rest of the universe. Can't wait to read the next book!

This collection of short stories, especially those on Skystep and Cubbie, are great fun to read. Actually, all the Cape High stories just make you wish the next was out. Thanks for keeping the Cape High world alive! Can't wait to see what Nick wants Rochester to do next!

I normally don't like short stories. I actually bought the book by mistake. Once I started reading it I couldn't put it down and was disappointed when there wasn't any more. I highly recommend it and intend to get more books

This was a nice side story. It filled in gaps to characters that are becoming important in the main arcs. Can't wait for the next book.

I usually dont read side stories or short stories but the way that Ross writes always pulls me into the story and I am waiting for many more books to come.

This series is written so well even the villains feel like friends of mine LOL! I loved getting to know this side of the Cape High Universe better. As always - well written, fast paced, heartfelt fun! Can't donwring with any of RJ Ross' books!
