My First Bilingual Book–Music (English–French) (French And English Edition)

Synopsis

Guaranteed to enrich a toddler's vocabulary, this simple and fun series of bilingual board books is ideal for helping children discover a foreign language. Highlighting more complex concepts that go beyond colors and numbers, titles in the series feature jobs, music, opposites, and sports. This collection combines photographs, bright illustrations, and dual-language words in clear, bold text. Suitable for both individuals and groups, these books are a child's perfect introduction to exploring other cultures.

Customer Reviews

Milet Publishing is a leading independent publisher of books for children, young adults, and adults, featuring more than 300 titles in English and more than 25 languages that celebrate multiculturalism and multilingualism. They are based in Chicago.

The books in the "My First Bilingual Book" series have colorful, good quality images, sturdy pages, and the size is relatively small. These are great books for households where both parents don't speak Italian, since they provide the word in both Italian and English. The only downside (for the whole series) is that it's not a story book, it's a dictionary/flashcard style book, so it can sometimes be difficult to hold a baby/toddler's attention with this. With the limited Italian bilingual material out there, I would still highly recommend this. The "Music-La Musica" one lists a wide variety of

instruments. There was one mistake - for flute (il flauto), they have pictured a piccolo.

Simple and colorful book. Great learning book. Doesn't stand up to eating and ripping apart though.

Purchased this in French as a gift for a little one learning French and she needed some basic books to get started with. It covers a lot of instruments and the pictures have a good quality. I got it as part of a set with some other books in the same series.

The content is excellent. The contrast of colors is great. The items and writing stick out. The book is awesome. My complaint is the quality of the binding. The book fell apart rather quickly. I don't know if I got a dud that fell apart quickly or if that happens for all the books. Since the book fell apart somewhat cleanly/evenly, I can still use the pages that fell out to teach my son as large picture cards.

I purchased this book as a gift for a host family when I studied abroad in Italy. The children loved it! I would recommend this book or another bilingual book as gifts for bilingual children.

This book has become one of my daughter's favorites. The words are simple and the pictures are easy for her to understand and interpret. I would definitely buy this product again.

My child loves these books. The translation is accurate, the pages are nice and sturdy. Perfect for our needs. I would suggest these books to others.

A good introduction to the world of musical instruments. The color and graphic layout is well done. This book doesn't seem to interest my grandson as much as the other bilingual books.
