What BarCharts are NOT: a comprehensive study guide. You cannot do well on a law school exam or bar exam relying solely upon BarCharts. That is not their purpose. What BarCharts ARE: a condensed overview of the black letter law. Use them as a quick reference to understand the material during the semester. Use them as a REVIEW of the material you (should) have already studied for the exam. In law school, BarCharts were the last thing I skimmed over before taking an exam. It's a good refresher. Same with the bar exam. I skimmed over my BarCharts both nights before the exam.

Depending on the type of corporations class it might work or it might not. I used it twice as a cheat sheet for my exam, but I probably would have been okay without it. If you see that it works for your corporation class, then buy it. However, check if the information is relevant to the class.
