Customer Reviews

Excellent piano concerto. It would be nice if the scale of music was increased for easier reading.

Great edition. Learning it already.

It was great to buy this edition, but the International Music Edition is much better. (did not sell it..)

i started practicing this piece. Love it!

It was exactly as described, and I'm already playing it.

This s**** the bomb

This 2-piano version of the 2nd concerto of Rachmaninoff is the version that I wanted and is in excellent condition.

Only the first piano . Especially the phrase with the theme,and the instrumentation of the second piano . If you can,I would like a coment or somenthing like that about the form of this movement,the tonality and the principal theme in the second piano .
