Customer Reviews

Great book!

I chose this rating because the book arrived in a timely manner. The book was in "new" condition as described and packed well. However, the "3 Star" rating is because the book shown in the advertisement is not the book I received. The book advertised is "Welcome to Addy's World, 1864" Copyright 2002. The book I received has an entirely different cover than was shown and is "Welcome to Addy's World, 1864" Copyright 1999 - three years older. This is the only book I was missing in the series. Although it is not the same as my series, Copyright 2002, I will keep the book. I believe it is "false advertising" to show a photo of a book that is not the book for sale. I paid premium price for the quality \$31.00 but received a different Copyright year of the book. I will keep the book but the seller needs to know that it is of utmost importance to take photos of the exact product up for sale. A partial refund would be nice.

my kid reads these books. so much information and great layout

Great Book! Love American Girls Books!!

Ok

my granddaughter love her book

As described

If you are looking to make American Girls series "Addy" into a history study, this book is perfect. The pictures are very good and the book is filled with lots of really good information from the time period. It really makes the story come to life. Not sure why these books are no longer available in fuller distribution (I had to purchase a used copy). However, it was well worth the price and I will probably buy the other books that are available.
