Nancy M. Berrios is an artist and writer with a heart filled with passion to creatively spread God’s Kingdom message through the use of images that capture it’s message through the eyes of children’s experiences and perspectives.

Colors with Presents is one of three books I have purchased. I am very pleased with the quality of the text and imagery in each book. Nancy Berrios has created a series of extraordinary concept books designed to introduce biblical concepts to even the youngest of readers. Each work is perfect for reading aloud to an intended audience of budding readers, but can also be enjoyed independently by more experienced readers. Younger children will love learning about colors, numbers, and the alphabet in a fun and meaningful way, while older children will enjoy the underlying complex themes this series has to offer. Each book would make a great addition to any family library!

Great activities for children based on the bible. The color map to the fruits of the spirit is especially inspiring.

Once again Nancy has excelled herself- she is talented and focuses on the children's needs for their early childhood years. Excellent art book that children can relate to especially by learning their colors to prepare them for school.

Cute book! Great for kids.
