I love the Reading thought the Bible but this is one of the best! Not words of praise for this book! I love it!! This is so good! God bless!It will encourage and inspire you to be all you can be in His power and grace. The Bile has within its pages powerful prayers!

My favorite devotional EVER and I have used probably 8-10 over the years and browsed dozens in stores and on friend's shelves and at book sales. As a mom to 6, the bible reading plan is tough to keep up with, but I find ways around that and still use the devotional and daily verse just fine. The prayers, based on God's word, some of them prayers actually written out in the bible (taken from Paul's prayers for the churches, for example) are just splendid!

This is my favorite devotional. It makes a wonderful gift, which many of my friends have asked for

after listening to me share devotions from the book. Cheri Fuller does a great job of bringing the bible into a life application short read. It's a great way to start the day while also providing a read through the bible in a year plan on each page. The One Year Bible is the perfect addition if you are looking to spend a little more. I highly recommend.

Great devotional, great content! Prayers are insightful. A little bit of a hassle to go back and forth between the devotional and an e bible due to an OT, NT, Psalms and Proverbs reading each day. Almost went back and bought the combined devotional and Bible, but decided to put up with the minor hassle. This book is a great way to structure your reading the Bible through in a year. I highly recommend this book.

The daily Bible verses and readings helped me deal with difficult situations and provided inspiration and encouragement while helping me focus on my relationship with the Lord and helping others. Would highly recommend.

Often I find myself jumping into the day without even taking a thought for God or time for even the briefest of prayers. But this book, along with my Bible on the nightstand is an instant reminder to take a few moments and center my thoughts on what is most important,---God. The format of the book has one page per day. The reading for the day begins with a verse or two of scripture, a paragraph of devotional thoughts, a short prayer, and a quote from a Christian leader or writer of past or present. If you would like to include a daily reading of the Bible in one year, a list of scriptures are given at the bottom of the page with selections from Old Testament, New Testament, Psalms and Proverbs according to The One Year Bible Readings schedule. You can use your own Bible to find these scriptures and read to that schedule if you want to follow the devotion time with a longer scripture reading. I have only had the book for a month but have already found great help from articles with titles such as "Running for Cover", "A Simple Prayer", and "Honesty with God". On "spiritually dry" days, I have been blessed and encouraged by God's Word and the prayers and quotes of fellow Christians.

I have done many devotionals in my time but I think this may be my favourite. Each day has a daily Bible reading at the bottom of the page (read through the entire Bible in One Year) and, from one of the passages you will read, a portion of Scripture is taken and written in the left margin. Then there is a wonderful devotion on that specific scripture. It's prayer-inspiring, easy to understand,

thought-provoking, interesting, the perfect length, AWESOME

This devotional has depth. It helped me to focus on the word of God and prayer to handle issues that I was struggling with. The scriptures used, the commentary, the extra reading, and the suggested passages for reading of the bible throughout the year did much more than lip service to the scriptures. It is profound without being 'wordy' and the commentary given gets to the heart. It is not a contrived super feel good word for the day. It is real. It appears to be written for women but both my son and my husband has used it and found it quite good. I used it two years in succession and recommended many others to use it as well.
