love it

About half of the designs are worth considering. The other half poor design or ugly.

Looks good

Just what I was looking for-- gave you lots of ideas in the traditional style

VERY happy with this book!! It made my 'creative' mind just wander :)! I'm also considering using an image or two to incorporate into a tat !You will not be disappointed in purchasing this book ! I also ordered some of the paints to use ! Can't wait to get started !!

This book has some nice patterns in. There was quick shipping and great patterns in the book. If you are into stain glass you might like this book.

This pattern book is loaded with excellent designs. Along with another of Dover's pattern books, "Treasury of Traditional Stained Glass Designs," this book should be in every stained glass artist's library.

Beautiful designs and shapes. Gave me some great ideas for colors.
