BLJ is an incredible book that can seem to many edgy in its approach between religion and the relationship God wants to have with us. Perhaps the most important thing a reader must do is read the whole book! There were times when I felt a little uncomfortable reading some parts Don Miller writes. It challenges me to think critically and allow him to find out where he is going with his thoughts. I consider Don Miller to be a modern day Soren Kierkegaard. Read this book and share it with others!

A really great thought provoking book

I loved this book. It made me laugh our loud and cry. I read it aloud to my husband while we were on a trip and we both loved it. I want to use it as a book study with our youth!

What an amazing book!!! Don Miller grabs you by the shirt collar and doesn't let you go!!! The book is riveting and compelling. A totally different look at a young man's faith and how it develops. I couldn't put it down!!!

One of my favorite books! Must read for all Christians!

One of the better books I've ever read on the "real" Christianity Jesus spoke about in Matthew chapters 5,6 and 7. A thoughtful read for both Christians and Non Jesus people.

This was a good movie and I would have probably liked it more had I not read the book. It is nothing like the book really. It's certainly not an equal.

A touching journey of faith. It's the kind of book that would speak to teens and readers in their early twenties.
