The New Rules Of Work: The Modern Playbook For Navigating Your Career

Synopsis

The world of work has changed. People in previous generations tended to pick one professional path and stick to it. Switching companies every few years wasn't the norm, and changing careers was even rarer. Today's career trajectories aren't so scripted and linear. Technology has given rise to new positions that never before existed, which means we are choosing from a much broader set of career options and have even more opportunities to find work that lights us up. However, we don't discover and apply for jobs the same way anymore, and employers don't find applicants the way they used to. Isn't it about time we had a playbook for navigating it all? Kathryn Minshew and Alexandra Cavoulacos, founders of the popular career website TheMuse.com, offer the definitive guide to the modern workplace. Through quick exercises and structured tips, you will learn:

- The New Rules for finding the right path: Sift through, and narrow today's ever-growing menu of job and career options, using the simple step-by-step Muse Method.
- The New Rules for landing the perfect job: Build your personal brand, and communicate exactly how you can contribute and why your experience is valuable in a way that is sure to get the attention of your dream employer. Then ace every step of the interview process, from getting a foot in the door to negotiating your offer.
- The New Rules for growing and advancing in your career: Mastering first impressions, the art of communication, networking, managing up and other soft skills and make it obvious that whatever level you're at, you're ready to get ahead.
- Whether you are starting out in your career, looking to advance, navigating a mid-career shift, or anywhere in between, this is the book you need to thrive in the New World of Work.

âœIn todayâ™s digital age, finding job listings and endless data about those jobs is easy. Whatâ™s difficult is making sense of it all. Here, Muse founders Alexandra Cavoulacos and Kathryn Minshew give us the tools we need to navigate the modern job search and align our careers with our true values and passions.â •â "ARIANNA HUFFINGTON, bestselling author of *Thrive* and *The Sleep Revolution*âœOnce upon a time, it was possible to succeed by following a script: develop skills, work hard, make connections, rinse and repeat. Not anymore. In an ever-changing world of work, TheMuse.com has become a go-to resource for career advice. In this book, the founders have condensed years of The Museâ™s best tips all in one place. Itâ™s a user-friendly guide to finding and thriving in a job.â •â "ADAM GRANT, New York Times bestselling author of *Originals* and *Give and Take*âœIn a world where required skill sets for any given job are constantly changing, and career curveballs are coming at us at a momentâ™s notice, todayâ™s career paths look very different compared to ten or even five years ago. The New Rules of Work embraces this new reality, showing how constantly pursuing new experiences, skills, and networks helps us enhance our value in the workplace, expand our career options, and thrive in a world where change is the new norm.â •â "SALLIE KRAWCHECK, CEO and cofounder, Ellevest, and author of *Own It*âœThe New Rules of Work brilliantly embraces the spirit of perpetual change in todayâ™s workforce, and demonstrates that the journey to success is about thinking for ourselves, rather than following a predetermined path.â •â "ERIC RIES, bestselling author of *The Lean Startup*"The founders of The Muse have written the new blueprint for every stage of your career. These New Rules of Work are not just about job search but also job discovery, which is why I invested in these women and why Iâ™m excited for you to read this book. Get it for yourself or someone who needs to find their path."â •â "ALEXIS OHANIAN, cofounder, Reddit"To succeed in todayâ™s constantly changing work environment you could waste time, stress yourself out, and spin your wheels following the questionable advice of career experts who donâ™t know anything about youâœor you could buy this book. Save yourself years of struggle: start with this book."â •â "CHRIS GUILLEBEAU, New York Times bestselling author and host of *Side Hustle School*"Cavoulacos and Minshew have really nailed the new dynamic of passion and purpose at work, while offering invaluable strategies for how best to achieve one's goals. Make sure to have a pack of post-it notes with you to tab pages that really resonate. There will be a lot of them!"â •â "CATHIE BLACK, former President, Hearst Magazines"âœThe Muse is constantly on

the cutting edge of trends in the fast-changing world of work. Here, the Muse founders distill all their experience and expertise into an accessible guide that shows us how to navigate the new world of job hunting, career switching, and career advancement, and moreâ "while also providing timeless career lessons and tools we can take with us as we evolve and grow.â •â "KARA GOLDIN, CEO, Hint Water Â Â "Alexandra CavoulacosÂ and Kathryn Minshewâ ™s book cuts through the career clichÃ©s and myths to pass on the information you need to help you identifyâ "and getâ "the career you really want.Â It contains countless smart and practical tips youâ ™ll wish youâ ™d known years ago. A must-read for anyone serious about taking back control of their career.â •â "SJOERD GEHRING, Global Head of Recruiting, Johnson & Johnson

This book is going to change lives. I've been getting career advice from TheMuse.com for some time and this book is even more helpful than the site! It's super well organized and has really practical advice for how to create a stellar LinkedIn profile, how to utilize your network (even people you don't know that well), how to write the best resume and cover letter possible, and how to market yourself for the next stage in your career. You might think you're stuck doing what you're doing, or that nobody will want to hire you for your dream job, but with this advice it will be possible! It's a total game changer. I already know two people I'm going to give this as gifts. Anyone in your life who wants to move the next stage in their career, or wants to get more out of their career/change it would benefit from reading this book, no matter what stage of life they are in.

This book is brilliant - relevant, fresh, practical and fun to read. It has worksheets, tables, scripts - all

of it! There is nothing like it on the market. In fact, the world has needed a goldmine in book form like this for YEARS. Read this for rockstar advice, inner clarity and the most premium career coaching on the planet, whatever your stage.

OMG! So inspired! My favorite book of 2017. This book helped me get clarity, define what I really want and come up with an actionable game plan. So inspiring!

A fresh perspective, thoughtful perspective on charting a career, finding a job and excelling at work. A relevant guide not only for people new in their careers, but also for those in transition at any stage. A great addition to the shelf of books offering career advice!

This is a true playbook for your next career move. I sat down to passively read while traveling, maybe pickup a few tips along the way - but quickly found myself pen in hand, working through the worksheets and thought experiments presented here. This is my new go to gift for friends looking to make a transition (and new grads)! Well done!

This book gave me more useful, actionable advice than I received over four years from my college's career services office. An excellent account of how the job market has changed, and how we increasingly can't (and shouldn't!) expect our careers to look anything like our parents'.

GREAT easy read for anyone who is navigating their own career or mentoring/parenting those that are.

The New Rules of work changed the way I think about giving (and receiving) career advice.

Articulate, thoughtful, and fun, the authors have clearly packed a lot of life into their years. If only I could send an gift back in time a decade....
