I had read several guidebooks about Kama Sutra, but this book is one of my best reads. Last week my closest brother suggested I & told me about this book. I didn't hesitate or wait to grab this book after hearing from him. After reading this book I was impressed and this book taught me a lot about this love making techniques. Throughout this book I have learned modern original positions of the Kama Sutra. It also taught me about how to avoid common mistakes and much more. I don't have any doubt to recommend this book to the adult readers.

Very simple, easy explanations, wish it had photos, I liked the topics, it steps out of the normal. Gave me great ideas

Kama Sutra is an art of love making, the author compared this in your yoga positions and I really got the point. This book will show you everything of all sex related things that you need to know. Through this book I learned the modern ways of sex styles and positions. But overall, this has been quite a read.
