Customer Reviews

McGraw-Hill authors represent the leading experts in their fields and are dedicated to improving the lives, careers, and interests of readers worldwide

I mean its a French book so like it is what it is

We ordered the new workbook and audio activities package. What we received was a used workbook formerly from Ban Bernadino School District and no audio activities item. This was urgent item as son lost his at school abd we were departing on extended travel. Give impending departure we did not return the item. Maybe we had ordered used by mistake?We have just returned home and I have checked to see that in fact we did order the new book and package. Be very careful when dealing with this Monkey company.Son will now talk to his teacher about what to do about missing adio activities item.

I purchased this book new with audio activity. It arrived with no audio activity, the corner of the

pages are bend and the spine of the book is loose and scuffed, as are the edges. I wish I had listened to the other review with the simmiliar complaints. This is 100% misreprensation.

Great workbook

excellent
