Athens In 3 Days - A 72 Hours Perfect Plan With The Best Things To Do In Athens (Travel Guide 2017): 3 Days Itinerary, Where To Stay, What To See, Food Guide, How To Get To The Greek Islands & 10 Day-Trips

Synopsis

We have been in your shoes! We wanted to visit Athens and got lost into spending tens of hours looking for valid information at Lonely Planet, TripAdvisor and on the Internet. And then, we couldn't put it all together, in order to create a perfect plan for visiting Athens in 3 Days. That's why Guidora is the only publishing house building Travel Guides like no other does. We provide exact 72 hour plans with only one and best choice on where to stay, what to eat, what to see. It's an easy travel path that you just follow and spend the 3 best days of your life in Athens! So, if you are wondering What to Do in 3 Days in Athens and What are the Best Things to See, look no further! We have built an excellent 72 hours plan for Athens, with information on what to do every hour of the day. All the information provided is by local experts and travel bloggers, who have been living in Athens, or travelling there often enough to know the best that the city has to offer. By getting this travel guide to Athens, you will get:

- Exact information on what is the best hotel to stay in Athens, so that you are in the epicenter of all activities without breaking the bank.
- Exact information on what to do every hour of the day.
- Where to eat, what are the best restaurants that locals go to.
- Which dishes to try.
- Where to go out in the evening
- How to move from the airport to the hotel with the most budget friendly way
- What museums to see
- How to transport with bus and other means in Athens
- Best things to do each one of the 3 days
- An Athens Map for each one of the 3 days, in Google Maps format, featuring all the spots for each day, so that you can navigate easily with your smartphone.

This guide will provide you with all the information you need but most importantly, with a perfect plan to follow. It's like having your best friend in Athens, showing you around. It will eliminate stress from planning, help you save time and money and help you enjoy the best days of your life in the magnificent town of Athens! Guidora's Athens in 3 Days Travel Guide, is your entry ticket to the most accurate advice on what are the best things to do in Athens in 72 hours. It includes a detailed 72-hour plan from the first moment you will arrive in the airport of Athens, until the moment you leave this amazing town. Inside Guidora's Athens in 3 Days Travel Guide: A 72 hours plan starting every day at 08:00 until late in the evening, with details on what to do every hour. Full-color maps and images throughout. Maps are available in Google maps, so that you can get easy navigation through your smartphone, while you walk or drive through the city. Best-kept secrets on shopping, dining, going out in the evening. Insider tips to save time and money and get around like a local, avoiding crowds and trouble spots. Essential info at your fingertips - hours of operation, phone numbers, websites, transit tips, prices. Information in this Athens travel guide is up-to-date as of 2016.

4 Bonuses Included:

Customer Reviews

Helpful information, especially what to focus on and the times sites are open.

It did not met expectations.

Good book.

This was a total waste of time and a few bucks! Unless you want a guide to tell you how to get from the airport to only one area in Athens with only one mode of transportation. Then to tell you to stay

at one specific hotel, eat at specific restaurants they tell you and do not give you any choices whatsoever. If I want that I would book a tour. This book is a joke, why would anyone just take the random advice of one person? Just because you wrote a guide? I however do research on the area and like making my own choices from search results and opinions. But this guide gives you no choices whatsoever.!

Horribly edited and clearly not written by a native English speaker. The most helpful section was about food. Nice pictures. If it had cost more than \$4 I'd ask for a refund.

Really only told of a few museums to see a restaurants to eat in. I skimmed it in about 10 mins.

Paw-Prints is a pretty solid standalone, but for all that I regret not reading Hollow Moon first. I would have preferred a full prologue, rather than the sometimes rather clunky slotting in of backstory when the author felt it necessary. However, when strong prologue is so frowned on by so many 'modern writing experts' its often avoidance is only to be expected. The problem is that gradual past history integration requires very a great deal of the writer, far more than the ability to tell a good story or write entertainingly. This is an excellent book, don't think for a minute that it isn't, but sometimes the simplest way of doing things is actually the best. This is a book suited to a young teenage audience, and so equally to everyone who doesn't require more adult content. I very much enjoyed the book from well the wrong side of fifty. Good story telling is good story telling. The book was published in 2013, yet partly through naive space science and partly through some strange cultural insensitivity I felt I was reading a book written in the 1950's. Phrases like, "she spoke with a sweeter Asian twist" can't really be construed as offensive, but they certainly demonstrate a degree of cultural heavy footedness. The quirky science is no problem at all. It is nothing to the ridiculous lack of realism displayed by so many 'paranormal' writers. It's just a bit more Michael Crichton than Arthur C. Clarke. My biggest criticism is reserved for excessive use of the single character pointers for certain of the main characters. One of characters can't be mentioned without some reference to the game of cricket, and another to excessive food consumption. Yet other important characters disappear into a fog as they are left so bewilderingly thin of detail. I'm sure this was in part the casualty of the lack a nice thick backstory before launching into this second in series. An index list of characters might have made the book better, and saved using such repetitive memory joggers. Bennion is a very competent writer, who I'm sure has plenty more adventures for Ravana lined up. Ravana is very much in the fashion of strong female characters, but is made to feel all the more real for lacking

many of the 'superior to men' superpowers that so many 'fictional kick-arse-feminista' possess. We seemed to be swamped by beautiful female characters that weigh less than a bag of potatoes yet fight in a way that makes James Bond look like a pussy. Ravana is a tough cookie, but one that mere mortals can relate to. I think this storyline could be made into a really good screenplay for all sorts of live film and or animation. The chances of that happening may be nil, as media producers are swamped with brilliant material from independent writers as it is, but that doesn't mean one shouldn't advance the idea. There is a touch of humour in this book that I think would work really well. I hope that all the British rather than American cultural references don't put off young American readers. I very much enjoyed their presence, particularly as so too many non-American English writers try over-hard to appeal to the American market. I know absolutely zilch about Bennion's background, but as an aside to the plot I enjoyed speculating. I would be very disappointed if I found out that she hasn't played cricket. To conclude, this is a great read for the young of all ages.

almost no information on what the sights consist of or why to see them. Instead of a variety of hotels or restaurants lists one each time which makes it look like promoted clients.
