Customer Reviews

I can't believe it's 32 pages (seems like 12). I love all things horror and have colored a couple pages already. Detail isn't too great and I'm a little bummed. The idea is great but quality not so much. I really wanted to like this coloring book (1 star for price, 2 stars for originality/idea).

Just now recieved it and already putting it back in the package. It's an adult themed book with remedial pictures. ALL of the images have way more open space than they should; not allowing for good shading, fading, or graydation. Pretty much is a connect-the-dots with dots already connected. In short; keep browsing.

Cute pages and I'm a huge fan of the Friday the 13th franchise. Great way to relieve stress!

I must have for all coloring horror fans. I am a huge Jason Voorhees fan and this really hit all my must have buttons. I love it!!!

Not a huge fan of the Friday the 13th franchise, but I do love scary movies.

Pictures are kinda vague not as detailed as cover for sure!

not very long and the drawings aren't very good.

Loved it. Relax time coloring with Jason Vorhees
