Customer Reviews

I liked this pattern because it comes in different sizes. It is a relatively simple but a pattern like this allows the beauty of the yarn to shine.

Never receive vet pattern. Didn't know it was something that you can only down load on a kindle. Thought it was a book. Don't think the details about item was to lpclear

EASY, even for a first time sweater knitter

Great little pattern! Clearly written and easy to follow. I just wish there was a way to print it. I had to write it down by hand because I don't have a kindle to work from. I am a Mac user.

Very easy to follow directions and a great style. Easy to adapt for different patterns, which is what I like to do.
