European Monetary Integration: The Euro

Synopsis

This shorter text provides a complete overview of European economic and monetary integration and investigates the euro's impact on Europe and the rest of the global economy. It takes an intuitive approach to explaining the complicated issues regarding the formation of the EMU and the introduction of the euro.

Customer Reviews

The book is very easy to read. It is clear, straight to the point, and logical. The language is also good. It contains some tables and graphs that explain the material better. Also, at the end of each chapter there is a summary of the contained material which is very useful.
