## Customer Reviews

Stress relieving! I like that the puzzles go in order from easiest to most difficult and that it has a space for you to fill in the landmarks that you know. I like to do these puzzles while I watch tv. I appreciated the bonus images from their other book, famous faces. The amount of dots these puzzles have (up to 889 dots) mean that the font on the numbers can be rather small so if you are looking for a "large print" dot to dot book, and can't read a smaller font, this may not be for you. This

author also has large print books, and the puzzles aren't as complicated. This book is more of an extreme or ultimate dot to dot book which was what I was looking for. Landmarks are from all over the world and the United States.
