Mother At Seven: The Shocking True Story Of An Armenian Girl's Stolen Childhood And Her Family's Unspeakable, Cruel Betrayal

Synopsis

Mother at Seven is the shocking, inspirational true story of a little girl's tragic childhood, and how she endured and overcame a decade of unspeakable abuse at the hands of her cruel and sadistic family. Set in Sochi, Russia, near the banks of the majestic Black Sea, Mother at Seven tells of those critical moments in a child's life when the only thing standing between the life and death itself was a pure and innocent belief that better days lie ahead. It teaches that by fighting through hardship and pain, miracles can still happen, and that life can still be amazing as long as hope is never lost.

Customer Reviews

Once you begin will want to finish in one day. It keeps your attention and has you emotionally involved. To abuse a child with this magnitude of forced punishment , I feel the parents should receive it back 10 fold. As far as the mom having a baby and making the daughter the caregiver is no surprise to me. As I've seen throughout the years people actually think their other children are

supposed to help them take care of the younger/ youngest children. It's okay for them to help out at times. Truthfully if you had that child regardless how many you have, it's the parents job to tend to her child or limit the volume you produce if you think your kids is our free help. The mother in this story was so reckless but dad is a wimp. At age of 7 this child endured so much she could have died. Looking at her parents and their jobs and status in the community the first thing one would say " Oh, Dad's a doctor and mom a teacher they wouldn't do anything like that."Newsflash- It doesn't take a certain type, kind, color, or race. No one is excluded. Things like this are still going on now. So the next a child catches your eye and something just don't seem right in your gut, follow your first mind and ask a simple question in privacy. Because I was one of these kids.

Thank you for charging your life with us and hope that all your dreams did come true at the end. You deserve nothing but the best in your life. Hope to hear from you soon.

This book grabs you from the beginning. The saddening part is it is all true which is absolutely heartbreaking!! I hope there is a sequel and I hope for a happily ever after!!!

Really good book but also really disturbing. Plus it just kind of ended, leaving us wondering what happened. I keep thinking I missed something or maybe she'll come out with a follow up book. There's a special place in Hell for people who mistreat children. It's a miracle she survived her childhood.

Crazy unbelievable story. That I believe truly happened as I've read other stories similar about how bad things are/were in her country. I really hope she moves forward with a continuation of her story. And I'm really hoping she finds happiness and possibly justice for the cruel people in her life.

I got by on less sleep while I was reading this since it was so hard to put down! I had to remind myself at times that it was non-fiction...almost unbelievable that this sort of abuse goes on in the world. Veronika's story is definitely inspirational, and leaves you wanting to know more about the rest of her life. Luckily, when I inquired about a followup book, Ms. Gasparyan told me that it is in the works. I am very much looking forward to it!

I cringed at the abuse inflicted upon this innocent child throughout her childhood. I am left wondering, what happened to your evil Uncle Arman? You can't end a book without giving details of

what happened to this monster!

She wasn't a mother at 7. She was an older sister who was basically forced to care for her young brother. Unfortunately, she was abused by her mother, father and uncle. But definitely not what I expected from the title.
