Grade Level: 5 and up

Customer Reviews

We used Daily Reading Comprehension all summer to keep our student thinking and learning for a few minutes each day. Our son's confidence rose and his fear of reading comprehension challenges reduced. He now views reading comprehension style exercises as a game so he embraces strategies that allow him to win.

This workbook has daily activities, varied in length and type of response, to help students learn more about comprehension and the skills needed to be an effective reader. The book is a good resource for review, for working with special needs students, and practicing for any one of the national or state tests that are given each year.

EXCELLENT book, very informative and well organized. It helps kids acquire lots of general knowledge while learning reading skills. It encourages kids to think in order to answer questions.

It fits my gifted kids pretty well. Easy to manage. Some problems are little harder than a usual school problem. But those problems are great! My kid's reading level improved from 90% to 98% after using this book.

Great product. It's helped my child prepare for the Virginia SOLs. My straight A student child uses this book daily as a supplement to his public school work. It's done wonders to improve my child's reading comprehension.

Great book for daily practice. Targets specific skills.

Awesome! This will help my students!!

Perfect daily practice in bite-size. Cross my fingers- my child has not complained yet :0) My 5th grader seems to enjoy it.
