Customer Reviews

Both authors lived in Armenia for years and traveled extensively before the publication of this book.

Great guide to use on my trip to Armenia this summer.

This book is interesting for everybody who decides to visit Armenia. Many details are interesting to discover Armenia. Almost each village is described : history, monuments and so. Good travel and pleasant visit of this beautiful and surprising country !

This book contains all the details needed when travelling to the most elusive outposts in the country. It certainly helped me and inspired me into producing my own guide to the region, "The Last of the Argonauts." The Last of the Argonauts: A 21st century trek from Greece traversing the Caucasus and finding treasures in Armenia
