Study Guide For Fundamentals Of Nursing: The Art And Science Of Person-Centered Nursing Care

Synopsis

Publisher's Note: Products purchased from 3rd Party sellers are not guaranteed by the Publisher for quality, authenticity, or access to any online entitlements included with the product. Created in conjunction with Fundamentals of Nursing: The Art and Science of Person-Centered Nursing Care, Eighth Edition, this valuable Study Guide will help you review and apply important concepts to prepare for exams and for your nursing career! Filled with exercises to reinforce learning: Assessing Your Understanding offers a variety of exercises such as matching and fill-in-the-blank questions to help you retain key information. Applying Your Knowledge challenges you with critical thinking questions, reflective practice exercises to help you cultivate QSEN competencies, and patient care studies. Practicing for NCLEX provides multiple-choice and alternate-format questions to help you review content and become familiar with the NCLEX format.

Best Sellers Rank: #16,979 in Books (See Top 100 in Books) #38 in Books > Textbooks > Medicine & Health Sciences > Nursing > Fundamentals & Skills #47 in Books > Medical Books > Nursing > Fundamentals & Skills

Customer Reviews

This book does not give you rationales to know why the answer is correct and incorrect, so is not all that great. I would not recommend it, but if you need to buy it because your school requires it, then there is no option, you need to get it; otherwise don't buy it. You want to learn the reasons why, you don't want to stay with the doubts of why is it wrong, why is it right; you want to know!! Yes, critical thinking but you still want the rationale to increase your learning.

I seriously don't recommend the study guide. The practice questions are far too easy. Fortunately it wasn't too expensive, and I was able to sell it back for a few dollars.

Great for someone who needs ALOT of help with basic anatomy

Helpful for tests.

Giving a 1 star review as the ACCESS CODE purchased with this book was already used! I purchased the book NEW NOT USED. And now that it's required to use the access code, I have to buy an additional code.

Thanks for the great product!

Used this thing for a whole semester. The questions helped me pass so many test in my first semester. If you do all the questions it will help you with NCLEX style questions.

Easy to follow format & three hole punch with perferrated pages was a definite conscience bonus!!
