If you’ve been flying 3-4 times per year for the last few years, you know most of the stuff in here. There are some good tips. For example, it’s hard to figure out when the airlines release their best prices (usually Tuesday afternoon). That one tip can make the price of a whole shelf of travel tip books worth it. But will it get you those hours you invested back again?

If you are new to the U.S. or you don’t have a lot of experience in travel in other countries, or you are a new parent, this book is for you. I learned a lot such as how to travel with kids and how to time my trip.
