Great comprehensive book on Real Estate - Just about anything you want to know about Real Estate, including example contracts is in this book. General enough to be applicable for all states. Contains good examples and easy to read. I used this book as a refresher after letting my license

expire a few years ago. This book is much better than the one I was forced to use when going through my licensing class.

Full of important up-to-date information. I purchased this book for class and I will keep it in my collection. It was well worth the money spent. It arrived in very good condition. Thank you

Good one

Exactly what I wanted on time.

excellent book for real estate

Must read for anyone buying a home. As far as for school, I am having a hard time retaining the info from this book. May be the class that gets me kicked off the Deans list.
