NorthStar Listening And Speaking 5 With MyEnglishLab (4th Edition)

Synopsis

NorthStar, Fourth Edition, a five-level series, engages students through authentic and compelling content and empowers them to achieve their academic and personal goals. The approach to critical thinking in both the Reading/Writing and Listening/Speaking strands challenges students to move beyond basic comprehension to higher-level analysis. Conceptualized to promote critical thinking, NorthStar infuses analysis, synthesis, evaluation, and application throughout every lesson, not just in a critical thinking section like in other series.

I love it, even though I purchased a used one, the condition was very decent. About content, I think it is well organized for especially for students whose first language is not English.
