Customer Reviews

I had a blast reading the author's reviews of movie's I haven't seen or remembered in years till I read his Horror Movie Guide. The reason for the four stars though is there where some spelling errors and editing issues but it doesn't break the book though it's minimal. My other complaint is the author didn't give enough spoilers on certain movie's I had seen in the past but other than those two things this is a fun book and hope the author nothing but success and happiness
