Customer Reviews

This is an interesting story of a creeper who wants more out of life than just blowing up. He goes on a big adventure with his friend Steve the skeleton to find the stronghold. He makes new friends along the way and gets a crown that gives him powers he never imagined. But what will the witch send him to do in the next book? This book is written well and is interesting. There is a lot of adventures and you meet a lot of different characters. This book is broken into days for the chapters which is a good amount for a child to read. My daughter enjoys this book and loved the powers the crown gave the creeper. She loves playing Minecraft and reading different adventure books with the characters from the game. The names for the creepers are a little difficult to read but it is not a big issue. I received a free copy of this book in exchange for an honest unbiased review. This has not influenced my opinions on the book.

This is a belated review as I have been slowly making my way through the book. I really enjoyed this one a lot more than the zombie teenager book to be honest. The story just sucks you in and you don't want to put it down. I am really looking forward to more of these book in the near future. I plan on getting a copy for my boyfriend for our anniversary in August.

Awesome book!!

Dear Skeleton Steve and Crafty Creeper, you guys are epic. You have no spelling or grammatical mistakes, have nice lengthy books, and have the best story plots. However, few people recognize

your talents and read your books. I found this out of pure luck and was just blown away by it's epicness. I will talk about that later. This type of book deserves more credit than just fourteen comments including mine. You make suspense build up, has an awesome plot, and ends with a perfect "cliffhanger" as in you make the reader scream in excitement for the next book. In this case, what Worla's three errands/favors will be. Now for the pure epicness. The action and mystery in the story make this truly amazing. When the spiders where were stalking them and the silver biting things "multiplied" (silver biting things are silverfish. Minecraft trivia for noobs like Steve. Not you. The player.) That is the mystery, and so is crown and also Chatha's (how do you spell it?) destiny. The action? The avoiding Steve the player part and the fighting bad monsters part. All in all, you are truly amazing and I hope that you make more and more books of this epicness and length. This is MantisFang887, signing off. P.S. Can I be a creeper in the next book? Thx! P.P.S. I'm a creeper SOLDIER. P.P.P.S. What does P.S. even mean?

This is the third book by this author that my son 'Ogmoe' has read and Skeleton Steve is one of his favourite Minecraft writers. The plot is well written and engaging, and kept my son entertained as he read the adventure featuring Cth'ka and Worla the Witch. He loves the original artwork and laughed out loud in many places. Through books like this, my ten-year-old has learned to love reading and now reads for pleasure, rather than because he has too! Keep 'em coming! ***arc generously received courtesy of the publisher***

My son LOVES these stories. He's an 8 year old Minecraft fan. He's an advanced but reluctant reader and these books keep him captivated. The original artwork is awesome too. I printed this and 4 other of Skeleton Steve's books and made a large "book" out of a binder for my son. He loves it. Thank you!!

My son and I love reading these books. We started the "Creeper King" and read the entire book in about 5 days. That's great for a 8 year old using this as a "bed time" book. He's been really pushing me to get the others in the series and I think we'll be making that happen really soon. Minecraft is huge on the gaming side, and now i'm really glad my son a enjoy the stories without the tv.

This book is awesome!! No grammatical mistakes.... Amazing story..... Please make the book 2 of these series... I like the part when the creeper throws the blocks at the mobs who were protecting the Stronghold... Please let us buy the part 2 for free.... please..... BY THE WAY... AMAZING

BOOK.... I COULD RECOMMEND YOU TO BUY THIS BOOK...THANK YOU.....
