GMAT Prep Guide 2017-2018: Test Prep Book & Practice Exam Questions For The Analytical Writing, Integrated Reasoning, Quantitative, And Verbal Sections On The GMAC Graduate Management Admission Test

Synopsis

GMAT Prep Guide 2017-2018: Test Prep Book & Practice Exam Questions for the Analytical Writing, Integrated Reasoning, Quantitative, and Verbal Sections on the GMAC Graduate Management Admission Test Developed for test takers trying to achieve a passing score on the GMAT Exam, this comprehensive study guide includes: • Quick Overview • Test-Taking Strategies • Introduction to the GMAT • Analytical Writing Assessment • Integrated Reasoning • Quantitative • Verbal • Practice Questions • Detailed Answer Explanations Each section of the test has a comprehensive review that goes into detail to cover all of the content likely to appear on the GMAT Exam. The practice test questions are each followed by detailed answer explanations. If you miss a question, it's important that you are able to understand the nature of your mistake and how to avoid making it again in the future. The answer explanations will help you to learn from your mistakes and overcome them. Understanding the latest test-taking strategies is essential to preparing you for what you will expect on the exam. A test taker has to not only understand the material that is being covered on the test, but also must be familiar with the strategies that are necessary to properly utilize the time provided and get through the test without making any avoidable errors. Anyone planning to take the GMAT Exam should take advantage of the review material, practice test questions, and test-taking strategies contained in this study guide.

Customer Reviews

This prep guide is a great way to get you ready. The review topics and points are very detailed and

easy to read through. All the details helped to give me a clearer picture regarding what I could expect to see on the GMAT. The practice test questions were great and I really liked the fact that the answer key not only provided the correct answer, but also a clear explanation as to WHY that was the correct answer. This is a great guide and I'd certainly recommend it to others.

It's obvious right away that this was created by real experts in learning. The writing skills section isn't Strunk and White, but it is exceptional. My math skill are always my weakness, so that's the part I need most. The reading comprehension section has topical and interesting information. I was inspired by the article about tobacco to begin an essay of my own. I have written about strategies for converting the Tobacco Industry into one that produces something beneficial, perhaps crops that can be converted to biofuel.

I wanted a review book to help myself with this test and this turned out to be the perfect book! The tips and tricks are invaluable and come in very handy on the test. The practice tests help get familiar with the test format and pacing for the different portions. Just follow the suggestions and you'll see your test scores improve.

Organized in easy to follow sections and lessons. Comprehensive yet concise. A must read for the exam.

Very informative!

Good review manual and study guide!

The only study guide I need. This brand of study guides are so helpful. They cover all topics needed to pass the test!!!!

Loved this study guide. Very detailed sections that are easy to read and understand. Practice questions help prepare for gmat exam.
