Claude Debussy (First Discovery Music)

Synopsis

As a boy, Debussy wanted to be a sailor. At music college in Paris he used to shock his teachers with the sounds he made on the piano. Children who want to know how to make a glass sing or hear the sound of the sea in a teacup will learn much from Debussy.

EXCELLENT ITEM! BRAND NEW & DELIVERED QUICKLY! THANK YOU!

Debussy was a French composer who wrote some wonderful piano music. When he was 7 years old he started taking piano lessons and was admitted to the famous Paris Conservatory when he was only 10 years old. He became very interested in composing music and experimented with new ideas and sounds. Debussy loved the sea and water, and many of his pieces have something to do

with water. Most of the titles of his pieces are very descriptive and suggest what the piece is about in "Gardens in the Rain" or "Reflections in the Water." You will enjoy the book and listening to Debussy's music. His melodies are smooth and graceful like flowing water.
