# THE GHOST AND THE DARKNESS

## Synopsis

The film *The Ghost and the Darkness* portrayed a somewhat fictionalized account of the man-eating lions of Tsavo. Here's the real story.

## Customer Reviews

This is a poorly written and extremely brief synopsis of events, without any depth or clarity. There is an emphasis placed on "looking the lions in the eye" and a dare to go to the museum to do it. This reads like a book report written half an hour before it was due in class. Don't waste your money, it's really not worth it. For some strange reason I thought this was the actual book of events and didn't think to check the page length- something I highly recommend everyone does prior to purchasing any book. If I could return it, I would.

Did not read the description fully. I thought this was the book the movie came from. Instead it was just a short version of what happened in the movie. Boring.

This is just a fun African adventure film. I know it is gory and flakey at times but I really enjoy this film and have viewed it several times. The music is beautiful. I highly recommend reading the book.

Rather short story was expecting more.

Too short ! Too scary ! Enjoyed the reality behind the movie. May have to head to Chicago to see them .

This "book" is really just an extended synopsis of the story the movie was based on. It's only a few pages long. Only paid a dollar for it and yet I still feel cheated.

Remarkable story of real life courage in the killing of the lions of Tsavo. I can't imagine the nerves of steel Patterson had.... Good reading.

I expected more detail about what really happened, and I just wasted my money. I hank this was not advertised properly.
