We are proud to offer the most innovative study tools available on the market and our dedicated staff of expert advisors and faculty ensures that doctors and medical students receive the guidance and support they need. At Kaplan Medical, our students' success is our goal.

Pages were super thin, some of the pages were still stuck together, and some of them even had ink smudges or ink missing that caused the text to be illegible.

There is no "CDs" ???! And the quality of the paper isn't good.

Good material, will need to update once done

A must if you ask me...

Great packaging and awesome books. Nice and new just as mentioned

The books are good, the only thing is that the paper is thin. There were also pages with little portions stuck together and excess or smeared ink on some pages.

The description is spot on! And it was awesome to get 2 free books (workbook and medessentials for step 1)!

I love my books. Thanks
