## Customer Reviews

Received the order containing only the described booklet, no sign of the two maps shown in the photograph or listed in the description. Completely unsatisfactory. I've reported the shortage to , we'll see how they respond.UPDATE: The reorder shows up today, the second day after the original problem was reported to . ONE map, NO second map, NO booklet. Idiots! C'mon, guys, this isn't rocket science. Try to get it right, wouldja?2nd UPDATE: The second map finally arrived, and appears satisfactory. I'm not scheduled to go to Mallorca until June, and I can't comment on the map's quality and utility until my return. I'll post yet another update at that time.

This is a great set of maps. More detailed than the Michelin single map covering the same area, they show actual buildings. A bit like having Google Earth in your pocket. Printed on heavy paper that seems to be waterproof.
